KEEP EXPLORING

Health information should feel easier to find.

Browse trusted starting points for your questions, whenever you need them.

Explore health topics

Pulse is an educational resource and does not replace advice from a qualified healthcare professional.

APPOINTMENTS & CARE

Feel prepared for every appointment.

Use simple checklists and conversation starters to make the most of a healthcare visit - before, during, and after you go.

Search appointment and care guides

Explore

Your appointment, step by step

A little preparation can make it easier to remember what matters.

1

Before your visit

Gather medications, notes, questions, and a symptom timeline.

2

During your visit

Share changes, ask questions, and take notes on next steps.

3

After your visit

Review instructions, schedule follow-ups, and track concerns.

APPOINTMENT CHECKLIST

Questions worth bringing with you

- ☐ What could be causing these symptoms?
- ☐ Are there tests, treatment choices, or next steps to consider?
- ☐ What should I watch for before my next visit?
- ☐ Who should I contact if something changes?

Bring the basics

- Photo ID and insurance details
- A current medication list
- Your questions and symptoms
- A trusted person, if helpful

A better visit starts before you walk in.
